### **5 Channel Mobile DVR with GPS**

The MobileMule™ 5500 is a highly functional mobile DVR designed for on-board vehicle recording. It has four ports to record up to four cameras simultaneously and an ethernet port to connect a forward facing IP camera. The MobileMule™ 5500 comes with GPS which gives you the option of recording the location and driving route together with the video footage. The DVR can be connected to a monitor so that you can view the cameras in real time in addition to recording them and allows you to view each camera independently or all together in a split view. The footage records onto two SD cards with a 256GB capacity giving you a total of 512GB storage capability. With a solid and compact build, the MobileMule™ 5500 is vibration-proof, installation-friendly and combines powerful functions together with a stable performance.
