

AIR VUE™

2.4GHz Digital Wireless Transmitter with PLC

AV-WT1

Patent-pending automatic **Pairing-Over-Power** technology enables button-less pairing and seamless trailer-switching. The system doesn't need to be previously manually paired, just plug and go.

Interference-resistant signal guarantees a 300FT barrier-free transmission range over double or triple trailers.

The IP69K-rated waterproof enclosure allows for external (trailer underside) installation.

Air Vue™ supports Full HD video and is compatible with RVS monitors and AHD/FHD cameras.

Air Vue™ Integration

Power supply	DC 10-32V
Water Resistance	IP69K
Video input	AHD720P / AHD1080P
Video Codec	H.264
Operation frequency	2400 - 2483.5 MHz (ISM band)
Modulation	QPSK
RF Bit Rate	6Mbps
Spread spectrum	FHSS
Transmitter Power	FCC < 26 dBm, CE < 20 dBm, MIC < 10 dBm
Receiving Sensitivity	-78dBm
Transmission Range	FCC < 300 m, CE < 200 m, MIC < 60 m
Active area	154.08(H) × 85.92(V) mm
Signal delay	< 200ms
