”

Working with Rear View Safety was a no brainer. Our drivers are more confident and we have had no accidents. Our kids' safety is the most important thing.

”

STORY

Josef Rapoport (vice principal of BRLH Upper School) was having big issues with his school bus fleet. After a recent accident, he knew that he had to approach bus safety in a different way. Even with the mirrors, blind spots still existed on the large buses. Josef wanted to take action immediately.

PROBLEM

- Limited visibility around large buses
- High rate of school bus accidents
- Threat to childrens' safety
- Decrease in drivers' confidence

SOLUTION

- Backup camera system with side cameras
- Eliminate blind spots
- Increase visibility

RESULTS
